OVERVIEW

Administering State Entity Name: Hawai'i Commission for National and Community Service (HCNCS)

Funding Opportunity Title: AmeriCorps State Planning Grants

CFDA Number: 94.006

Funding Opportunity:

This funding opportunity provides planning grants to support organizations interested in engaging individuals as AmeriCorps members to help tackle community problems through service and volunteer action. This funding opportunity provides successful applicants with training and technical assistance and a federal planning grant up to \$50,000 to design and develop new AmeriCorps programs that can address community problems and demonstrate impact through an evidence-informed¹ or evidence-based² approach

This *AmeriCorps Planning Grant Application Guidance and Instructions* document is necessary to complete the AmeriCorps Planning Grant Application.

Application Submission Deadline:

Applications must be received by **Friday, April 2nd by 5:00 P.M. Hawai'i Time**

¹An evidence informed program uses the best available knowledge, research, and evaluation to guide program design and implementation but does not have scientific research or rigorous evaluation of the program itself and is not replicating an evidence-based program.

² A program that is evidence based uses a program model that has been rigorously evaluated and has demonstrated positive results. Rigorous evaluation means at least one random control trial study or quasi-experimental evaluation, either of the program itself or of another program that the applicant is proposing to replicate.

FUNDING OPPORTUNITY DESCRIPTION

A. Funding Program Description

Hawai'i Commission for National and Community Service – “Serve Hawai'i with Aloha”

Hawai'i's AmeriCorps*State programs are administered by the Hawai'i Commission for National and Community Service (HCNCS). The goal of the HCNCS is to foster volunteerism and community service throughout the state of Hawai'i. This goal is guided by the following principles:

- **Manawale'a** (to give freely),
- **Kāko'o** (to support, assist),
- **Kuahui** (to cooperate, work together), and
- **Mālama** (to care for, protect, honor, serve.)

We shall support and nurture the development of a firm, lifelong commitment to serve Hawai'i's people, from the keiki (children), makua (parents and adults), to the kupuna (grandparents and elderly). We shall encourage increased participation in community service for the enhancement of the quality of life and diversity of Hawai'i's people. We shall malama (care for) the environment and natural resources; incorporate 'ohana (family) strength and values; build on and enrich cultural, educational, and economic aspects of our community; and develop partnerships among grassroots, nonprofit, corporate, local, state, national, public, and private sectors. We shall support community driven service initiatives and unify state and national directives within a framework that effectively facilitates communication and collaboration among all levels of leadership.

Purpose of AmeriCorps Funding

AmeriCorps is a national service program that provides opportunities for Americans each year to serve their country as AmeriCorps members by engaging in intensive results-driven service that addresses community problems. An AmeriCorps member is an individual who engages in community service through an approved national service position. AmeriCorps members are recruited, trained, supervised, and managed by the funded organization, and may receive a living allowance and other benefits while serving. Upon successful completion of their service, AmeriCorps members are eligible to receive a Segal AmeriCorps Education Award from the National Service Trust that they can use to pay for higher education expenses or apply to qualified student loans. Members must be: U.S. Citizens, U.S. Nationals or Lawful Permanent Residents of the United States, at least 17 years of age (no upper age limit), high school graduates or GED recipients (or working towards this goal), and are subject to criminal history checks. AmeriCorps Programs may add program-specific requirements. For more information on member eligibility requirements, please visit:

<https://www.nationalservice.gov/programs/ameri-corps/ameri-corps-faqs>

AmeriCorps implementation grants are awarded on a competitive basis to eligible organizations that engage members in *evidence-based* or *evidence-informed* interventions to strengthen communities. AmeriCorps grants include an allotment of AmeriCorps member positions and provide partial funding to support AmeriCorps projects and programs. Grants are solely for program expenses and cannot be used for general organizational operating expenses.

AmeriCorps members or grant funds can help meet unmet needs or can expand an organization's ability to better address community needs, but cannot be used to duplicate, displace or supplant resources that already exist in a community.

B. AmeriCorps Planning Grants

An AmeriCorps Planning Grant provides successful applicants with resources needed to develop program components and to build operational capacity critical to managing an AmeriCorps grant. Grant recipients also receive training and technical assistance from HCNCS to strengthen their AmeriCorps program design and to create implementation plans and systems for managing a compliant AmeriCorps program. Grantees who successfully complete their planning grant deliverables will be better prepared to apply for an implementation grant as well as operate an AmeriCorps program, once funded.

C. National Service Focus Areas

The National and Community Service Act of 1990, as amended by the Serve America Act, emphasizes measuring the impact of service and focusing on a core set of issue areas. In order to carry out Congress's intent and to maximize the impact of the investment in national service, AmeriCorps planning grants support the development of programming in following focus areas:

1. **Disaster Services**— The AmeriCorps program will provide support to increase the preparedness of individuals for disasters, improve individuals' readiness to respond to disasters, help individuals recover from disasters, and/or help individuals mitigate disasters.
2. **Economic Opportunity**— The AmeriCorps program will provide support and/or facilitate access to services and resources that contribute to the improved economic well-being and security of economically disadvantaged people; help economically disadvantaged people to have improved access to services that enhance financial literacy; transition into or remain in safe, healthy, affordable housing; and/or have improved employability leading to increased success in becoming employed.
3. **Education**— The AmeriCorps program will provide support and/or facilitate access to services and resources that contribute to improved educational outcomes for economically disadvantaged children; improved school readiness for economically disadvantaged young children; improved educational and behavioral outcomes of students in low-achieving elementary, middle, and high schools; and/or support economically disadvantaged students prepare for success in post-secondary educational institutions.
4. **Environmental Stewardship**— The AmeriCorps program will support responsible stewardship of the environment, while preparing communities for challenging circumstances and helping Americans respond to and recover from disruptive life events: programs that conserve natural habitats; protect clean air and water; maintain public lands; support wildland fire mitigation; cultivate individual and community self-sufficiency; and provide reforestation services after floods or fires.
5. **Healthy Futures**— The AmeriCorps program will provide support for activities that will address the opioid crisis; improve access to primary and preventive health care for communities; increase seniors' ability to remain in their own homes with the same or improved quality of life for as long as possible; and/or increase physical activity and improve nutrition in youth with the purpose of reducing childhood obesity.
6. **Veterans and Military Families**— The AmeriCorps program will positively impact the quality of life of veterans and improve military family strength; increase the number of veterans, wounded warriors, military service members, and their families served by CNCS-supported programs; and/or increase the number of veterans and military family members engaged in service through CNCS-supported programs.

Capacity Building: In addition to the above core focus areas, the AmeriCorps program may provide support for capacity building activities provided by AmeriCorps members. HCNCS considers capacity building activities to be *indirect services* that enable HCNCS-supported organizations to provide stronger, expanded, and sustained *direct services* in the six focus areas. Capacity building activities cannot be solely intended to support the administration or operations of the organization. Examples of capacity building activities include:

- Recruiting and/or managing community volunteers.
- Implementing effective volunteer management practices.
- Completing community assessment that identifies goals and recommendations.
- Developing new systems and business processes (technology, performance management, training, etc.) or enhancing existing systems and business processes.

D. Fundable Activities

Grant funds support activities that are directly tied to AmeriCorps program planning and development. The grant shall only be used to cover costs that directly support the development of planning grant deliverables. Fundable grant activities include, but are not limited to:

- Staff or consultant(s) to facilitate project planning and provide training and technical assistance aimed at improving the Grantee's ability to implement an AmeriCorps program effectively;
- Assessing and analyzing community needs-related information to identify specific gaps or needs that can be addressed through AmeriCorps (i.e., an organization has already determined that there is a need to provide services to the elderly at risk of losing independence, but would like to conduct surveys to determine what specific services would be most valuable);
- Researching appropriate evidence-based interventions to inform service activities to be performed by AmeriCorps members;
- Developing a program theory of change and logic model;
- Outreach and establishment of community partnerships to support the planning and implementation of the AmeriCorps program;
- Partnership planning meetings;
- Meeting or office space;
- Developing plans for member recruitment, selection, placement, training, and supervision;
- Developing plans for managing and supporting program site partners;
- Developing plans and systems for ensuring grant compliance and accountability
- Travel to training and technical assistance sessions provided by HCNCS
- Travel to see and learn about program models the applicant would like to replicate

Applicants must obtain prior written approval from HCNCS for out of state travel costs or planning activities that occur outside of Hawai'i.

E. Grant Award Amount

The maximum grant amount that can be requested through this opportunity is \$50,000.

F. Matching Requirement

The grantee is required to provide a match to support at least 24% of the project's total cost. Match may be cash and/or in-kind. For example, an applicant that is requesting \$50,000 from HCNCS will need to provide a match of \$15,789 in cash or in-kind.

G. Award Period

Programs funded through State Formula Funds are funded for a one year period only. The project period for this grant is 9-12 months.

The project start date is proposed by the applicant and is for no more than one year, beginning no earlier than August 1, 2021, and ending 9-12 months after the proposed start date, but no later than September 30, 2022. The project start date may not occur prior to the date CNCS awards the Formula grant regardless of the proposed start date in the application. The grantee may not incur any costs prior to the start of the planning grant contract without having received prior approval from HCNCS to do so.

H. Authority

These funds are available under authority of the National and Community Service Trust Act of 1990, as amended, (NCSA) (42 U.S.C. 12501 et seq.).

I. Funding Restrictions

Grants under this program are subject to 2 CFR Part 200 and CNCS regulations issued to implement Part 200.

- 1) Has been assessed,
- 2) For which all judicial and administrative remedies have been exhausted or have lapsed, and

B. Dun and Bradstreet University Numbering System (DUNS) Number and System for Award Management System (SAM)

Applications must include a DUNS number **and** an Employer Identification Number. The DUNS number does not replace an Employer Identification Number. DUNS numbers may be obtained at no cost by calling the DUNS number request line at (866) 705-5711 or by applying online: [DUNS Request Service](#). CNCS recommends registering at least 30 days before the application due date.

After obtaining a DUNS number, all applicants **must** register with the [System for Award Management \(SAM\)](#) and maintain an active SAM registration until the application process is complete and, if a grant is awarded, throughout the life of the award. SAM registration must be renewed annually. HCNCS suggests finalizing a new registration or renewing an existing one at least two weeks before the application deadline to allow time to resolve any issues that may arise. Applicants must use their SAM-registered legal name and address on all grant applications to HCNCS.

Applicants that do not comply with these requirements may become ineligible to receive an award. See the SAM Quick Guide for Grantees at https://sam.gov/sam/transcript/Quick_Guide_for_Grants_Registrations.pdf

Match Requirements

Program requirements, including requirements on match, are located in the AmeriCorps regulations and summarized below.

Table 1: Match Requirements in the AmeriCorps Regulations

Grant Type	Match Requirement
Cost-Reimbursement Grants, including Non-	Minimum grantee share is 24% of program costs for the first three years. Overall grantee share of total program costs increases gradually beginning
Fixed Amount Professional Corps	in Year 4 to 50% by the tenth year of funding and every year thereafter.
Fixed-Amount Full-Time/ Less than Full-Time Serving in a Full-Time Capacity Grants	There are no specific match requirements for fixed-amount grants. Grantees pay all program costs over the maximum cost per MSY in the RFA.
Fixed-Amount EAP Grants	There are no specific match requirements for fixed-amount grants. Grantees pay all program costs over the maximum cost per MSY in the RFA.
Fixed-Amount Professional Corps Grants	There are no specific match requirements for fixed-amount grants. Grantees pay all program costs over the cost per MSY in the RFA.

Table 2: Minimum Match Requirements for Cost Reimbursement Grants

AmeriCorps Funding Year	1,2,3	4	5	6	7	8	9	10
Grantee Share Requirements	24%	26%	30%	34%	38%	42%	46%	50%

- Grantees are required to meet an overall matching rate that increases over time. You have the flexibility to meet the overall match requirements in any of the three budget areas, as long as the minimum match of 24% for the first three years, and the increasing minimums in years thereafter, are maintained. See 45 CFR §§ 2521.35–2521.90 for the specific regulations.
- If you are applying for the first time, you must match with cash or in-kind contributions at least 24% of the project’s total Operating Costs (Section I) plus Member Costs (Section II) plus Administrative Costs (Section III). If you are re-competing, please see 45 CFR §§ 2521.40-2521.95 for the match schedule.
- The acceptable sources of matching funds are federal, state, local, and/or private sector funds in accordance with applicable AmeriCorps requirements.
- In the “Source of Funds” field that appears at the end of Budget Section III, enter a brief description of the match. Identify each match source separately. Identify if the match is secured or proposed. Include dollar amount, the match classification (cash or in-kind), and

the source type (Private, State/Local, or Federal) for your **entire match**. Define all acronyms the first time they are used.

Note: CNCS legislation permits the use of non-CNCS federal funds as match for the grantee share of the budget. Please discuss your intention of using federal funds to match an AmeriCorps grant with the other agency prior to submitting your application. Section 121(e)(5) of the National Community Service Act requires that grantees that use other federal funds as match for an AmeriCorps grant report the amount and source of these funds to CNCS. If you use other federal funds as match, you must ensure you can meet the requirements and purpose of both grants. Grantees that use federal funds as match will be required to report the sources and amounts on the Federal Financial Report (FFR).

How to Calculate Minimum Match Requirement for a Planning Grant:

$\$ \text{CNCS (Federal) Request} \div 0.76 = \$ \text{TOTAL AWARD}$

$\$ \text{TOTAL AWARD} - \$ \text{CNCS Request} = \text{Minimum } \$ \text{Grantee Share (24\%)}$

Preparing Your Budget

Your proposed budget should be sufficient to allow you to perform the tasks described in your narrative. Reviewers will consider the information you provide in your detailed Budget Narrative in their assessment of the Cost-Effectiveness and Budget Adequacy selection criterion.

To prepare your budget, follow the detailed budget instructions below. Use the HCNCS Excel *Budget Narrative* tab to create your program budget. The *Budget Form* tab will be automatically populated from the information you enter in the Budget Narrative tab. Be sure to review your completed budget against the *Budget Analysis Checklist* provided at the end of this section to ensure that your budget is complete and accurate.

As you prepare your budget:

- All the amounts you request must be defined for a particular purpose. Do not include miscellaneous, contingency, or other undefined budget amounts.
- Itemize each cost and present the basis for all calculations in the form of an equation.
- Do not include unallowable expenses, e.g., entertainment costs (which include food and beverage costs) unless they are justified as an essential component of an activity.
- Do not include fractional amounts (cents).

Programs must comply with all applicable federal laws, regulations, and Omni Circular. Please refer to the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2CFR Part 200) for allowable, allocable, and reasonable cost information, as well as, audit requirements, including the need to provide audits to the Clearinghouse if expending over \$750,000 in federal funds as required in the OmniCircular.

The OMB OmniCircular can be found online at www.whitehouse.gov/OMB/circulars.

Detailed Budget Instructions

These instructions apply to all applicants. Please note that it may be requested that you include description/calculation breakdowns for costs that are covered by funds outside of the grant.

Section I. Program Operating Costs

A. Personnel Expenses

Under "Position/Title Description," list each staff position separately and provide position description, salary, and percentage of effort devoted to this award. Each staff person's role listed in the budget must be described in the application narrative and each staff person mentioned in the narrative must be listed in the budget as either CNCS or Grantee Share. For Column 2, under "% of FTE Time Spent on Program", please include the percentage of time for a full-time equivalent (FTE) employee. For example, if a part-time staff member who works 20

hours a week spends 100% of their time working on the AmeriCorps program, Column 2 should reflect 50%. This section should contain costs associated only with those staff performing direct program services. Those providing general administrative or management functions should be budgeted under Section III.

All time spent on the grant must be tracked using functional timesheets that allow for time allocation. No time can be charged to the grant unless National Service Criminal History Checks have been completed. Verification of timesheets and background check status must occur before any expenses can be incurred.

B. Personnel Fringe Benefits

Under “Purpose/Description,” identify the types of fringe benefits to be covered and the costs of benefit(s) for each staff position. Allowable fringe benefits typically include FICA, Worker’s Compensation, Retirement, SUTA, Health and Life Insurance, IRA, and 401K. You may provide a calculation for total benefits as a percentage of the salaries to which they apply or list each benefit as a separate item. If a fringe benefit amount is over 30%, please list separately. Holidays, leave, and other similar vacation benefits are not included in the fringe benefit rates but are absorbed into the personnel expenses (salary) budget line item. Uncommon or exceptionally high-cost benefits should be itemized and justified.

C. 1. Staff Travel

Describe the purpose for which program staff member will travel. Provide a calculation to include itemized costs for airfare, transportation, lodging, per diem, and other travel-related expenses multiplied by the number of trips/staff. Where applicable, identify the current standard reimbursement rate(s) of the organization for mileage daily per diem, and similar supporting information. Reimbursement should not exceed the federal mileage rate unless a result of applicant policy and justified in the budget narrative.

Only domestic travel is allowable. Only domestic travel is allowable. Any out of state travel requires advance approval from HCNCS.

We expect all applicants to include funds in this line item for travel for program staff and site staff to attend HCNCS-sponsored technical assistance meetings or trainings. There may be two to three such opportunities per year.

C. 2. Member Travel

N/A for Planning Grants

D. Equipment

N/A for Planning Grants

E. Supplies

Include the amount of funds to purchase consumable supplies and materials. You must individually list any single item costing \$1,000 or more.

F. Contractual and Consultant Services

Include costs for consultants related to the project’s operations, except training or evaluation consultants, who will be listed in Sections G. or H., below.

G. 1. Staff Training

Include the costs associated with training staff on project requirements and training to enhance the skills staff need for effective project implementation, i.e., project or financial management, team building, etc. Please include any training/conference registration in this line item.

G. 2. Member Training

I. Other Program Operating Costs

Allowable costs in this budget category should include when applicable:

- State Criminal Registry and FBI Criminal history background checks for all employees or other individuals who receive a salary, education award, living allowance, or stipend or similar payment from the grant (federal or non-federal share). If your program covers the cost for background checks outside of grant funds, these items should still be included in “Other” with zero costs and explain how your program will be covering the cost in the budget narrative.
- Office space rental for projects operating without an approved indirect cost rate agreement that covers office space. If space is budgeted and it is shared with other projects or activities, the costs must be equitably pro-rated and allocated between the activities or projects.
- Utilities, telephone, Internet and similar expenses that are specifically used for AmeriCorps members and AmeriCorps project staff, and are not part of the organizations indirect cost/admin cost allocation pool. If such expenses are budgeted and shared with other projects or activities, the costs must be equitably pro-rated and allocated between the activities or projects.

Section II. Member Costs

All Member Costs are N/A for Planning Grants.

Section III. Administrative/Indirect Costs

Definitions

Administrative costs are general or centralized expenses of the overall administration of an organization that receives CNCS funds and do not include particular project costs. These costs may include administrative staff positions. For organizations that have an established indirect cost rate for federal awards, administrative costs mean those costs that are included in the organization’s indirect cost rate

agreement. Such costs are generally identified with the organization’s overall operation and are further described in Office of Management and Budget Circulars A-21 (2CFR 220), A-87 (2 CFR 225), and A-122 (2 CFR 230).

Options for Calculating Administrative/Indirect Costs (choose either A, B, or C)

Applicants can choose to use one of two methods to calculate allowable administrative costs – a CNCS fixed percentage method or a federally approved indirect cost rate method. Regardless of the option chosen, CNCS’s share of administrative costs is limited to 5% of the total CNCS funds **actually expended** under this grant.

A. CNCS Fixed Percentage Method

Five Percent Fixed Administrative Costs Option

CNCS fixed rate allows you to charge administrative costs up to a cap without a federally approved indirect cost rate and without documentation supporting the allocation. If you choose CNCS Fixed Percentage Method (Section IIIA in eGrants), you may charge, for administrative costs, a fixed 5% of the total of CNCS funds expended. In order to charge this fixed 5%, the grantee match for administrative costs may not exceed 10% of all direct cost expenditures.

1. To determine CNCS share for Section III: Multiply the sum of CNCS funding shares of Sections I and II by 0.0526. This is the maximum amount you can request as CNCS share.
~~_____ The 5% maximum is calculated by multiplying the sum of CNCS’s share of Section I and~~

Section II by the factor

0.0526. The factor 0.0526 is used to calculate the maximum amount of federal funds that may be budgeted for administrative (indirect) costs, rather than 0.0500, as a way to mathematically compensate for determining Section III costs when the total budget (Sections I + II + III) is not yet established. (If 0.0500 was used, the resulting Section III costs would be less than the maximum 5% of total costs that are permitted under CNCS's regulations.)

2. To determine the maximum Grantee share for Section III: Multiply the total (both CNCS and grantee share) of Sections I and II by 10% (0.10) and enter this amount as the grantee share for Section III A.
3. Enter the sum of CNCS and grantee shares under Total Amount.

B. Federally Approved Indirect Cost Rate Method

If you have a Federally Approved Indirect Cost (IDC) rate and choose to use it, the IDC rate will constitute documentation of your administrative costs including the 5% maximum payable by CNCS. Specify the Cost Type for which your organization has current documentation on file, i.e., Provisional, Predetermined, Fixed, or Final indirect cost rate. Supply your approved IDC rate (percentage) and the base upon which this rate is calculated (direct salaries, salaries and fringe benefits, etc.). It is at your discretion whether or not to claim your entire IDC rate to calculate administrative costs. If you choose to claim a lower rate, please include this rate in the Rate Claimed field.

1. Determine the base amount of direct costs to which you will apply the IDC rate, including both CNCS- and Grantee's shares, as prescribed by your established rate agreement (i.e., based on salaries and benefits, total direct costs, or other). Then multiply the appropriate direct costs by the rate being claimed. This will determine the total amount of indirect costs allowable under the grant.
2. To determine CNCS share: Multiply the sum of CNCS funding share in Sections I and II by 0.0526. This is the maximum amount you can claim as CNCS share of indirect costs.
3. To determine the maximum Grantee share: Subtract the amount calculated in step 2 (CNCS administrative share) from the amount calculated in step 1 (the Indirect Cost total). This is the amount the applicant can claim as grantee share for administrative costs.

C. De Minimis Rate of 10% of Modified Total Direct Costs

Organizations who have **never**, at any point in time, held a federally negotiated indirect cost rate (except for those non-Federal entities described in Appendix VII to Part 200—States and Local Government and Indian Tribe Indirect Cost Proposals, paragraph (d)(1)(B)) and who receive less than \$35 million in direct federal funding, may indefinitely use a de minimus rate of 10% of modified total direct costs (MTDC).

Additional information regarding what is included in MTDC and use of this option can be found at 2CFR 200.414(f) and 200.68. If this option is elected, it must be used consistently across all federal awards..

HCNCS may withhold payment of invoices if required deliverables are incomplete or are of poor quality.

The following provides a brief description of each planning grant deliverable to be completed by the Grantee during the planning project period. Detailed instructions regarding each item will be provided during the planning period.

Program Design Deliverables

- 1) **Community Need:** Submit a summary of the community need that will be addressed. The summary should describe how the community problem the program will address is prevalent and severe in the communities where members will serve. The need should be well documented with relevant and recent data. Include gaps in current services and the role of AmeriCorps members. Explain how the interventions members provide will result in meaningful outcomes.

Specific data presented should demonstrate the following:

- *Scope:* Who and how many are directly affected by this community issue? How severe is the issue?
- *Significance:* What makes this community need compelling? If ignored, is the problem likely to become worse?
- *Cause(s):* Why does the need exist? How is it perpetuated?

- 2) **Theory of Change and Logic Model:**

Theory of Change: Submit a summary of the theory of change for the AmeriCorps program that describes:

- The program's intervention or service activities members will perform to address the community problem/need, including dosage, high-need beneficiary population, and the role(s) of members and (if applicable) leveraged volunteers.
- How the intervention is likely to lead to the outcomes identified

- How the anticipated outcomes represent meaningful progress in addressing the community problem identified by the applicant.
- How utilizing AmeriCorps members to deliver the intervention(s) is reasonable.
- How AmeriCorps members will produce significant contributions to existing efforts to address the stated problem.

Logic Model (see *HCNCS Logic Model template*): Submit a completed program logic model using the Logic Model Worksheet provided by HCNCS. A logic model is a graphical representation of program activities and their intended outcomes as depicted in the theory of change. The logic model shall depict the following:

- A summary of the community problem outlined in the narrative.
- The inputs or resources that are necessary to deliver the intervention (i.e. collaborative partners, funding, program staff, volunteers, training, research, etc.),
- The core activities that define the intervention or program model that members will implement or deliver, including the duration, dosage, and high-need target population for the intervention,
- The measurable outputs that result from delivering the intervention,
- Outcomes that demonstrate changes in knowledge/skill, attitude, behavior, or condition that occur within the program year as a result of the intervention.

- 3) **Evidence Base for Intervention:** Submit a summary of relevant evidence, including past performance measure data, evaluation reports, and/or cited research studies, to inform their proposed program intervention. The described evidence should be relatively recent, preferably within the last six years. The evidence should also indicate a meaningful positive effect on program beneficiaries in at least one key outcome of interest. The description must include specific citations of studies and/or publicly available evaluation and research reports.
- 4) **Member Experience:** Submit a summary of how members will gain skills as a result of their training and service that can be utilized and will be valued by future employers after their service term is completed. Explain how the program will make efforts to recruit AmeriCorps members from the geographic or demographic communities in which the programs operate and will foster an inclusive service culture where different backgrounds talents, and capabilities are welcome and leveraged for learning and effective service delivery.
- 5) **Performance Measurement:** Performance measures are quantifiable goals developed by programs to determine the impact of AmeriCorps on communities and participants.
- 6) **Service Site Locations (see *HCNCS Program Diagram template*):** Submit completed program diagram, a graphic presentation of the AmeriCorps program's structure that includes information on staffing, member supervision, service locations or member placement sites, member positions and slot types allocated to each site.
- 7) **Program Budget and Plans to Secure Match Funding:** Submit completed program budget. In addition, grantees will create a plan for securing the match necessary to support program implementation for at least the first three-year grant period.
- 8) **Program Staffing and Management Structure:** Submit a summary of each staff person's roles, responsibilities, and overall structure of the staff that will be implementing the AmeriCorps program as well as providing oversight and monitoring of the program.
- 9) **Partnership Development and Management:** Community partnerships are critical to

AmeriCorps program success. To help ensure that AmeriCorps programs are sustainable and reflective of the communities in which they serve, California Volunteers requires that each program be supported by a public and private partnership. Partners should be identified through the planning period and include a **minimum of three independent organizations** that include **at least one public and one private partner** (nonprofit or for-profit entity). 501(c)(3) nonprofit organizations are considered private entities. The primary members of the partnership must each have a significant role in planning, operating, and sustaining the program. The partner plans

must describe the AmeriCorps program's major partners and each partner's contribution to the program in supporting the implementation, oversight, and sustainability of the program.

10) Member Support and Management: Submit a summary of how AmeriCorps members will receive sufficient guidance and support from their daily supervisors to provide effective service. AmeriCorps Program Readiness Deliverables

AmeriCorps Program Readiness deliverables are critical preparedness pieces to effectively operate an AmeriCorps program. In some cases entirely new systems and documents will be developed while in other instances, the legal applicant will need to adapt current systems to reflect the addition of AmeriCorps members. California Volunteers has a wealth of resources that can be used to aid in this development as well as an assigned Program Officer who will provide ongoing assistance.

D. National Service Criminal History Check Requirement

The National Service Criminal History Check (NSCHC) is a screening procedure established by law to protect the beneficiaries of national service. The law requires recipients to conduct and document NSCHCs on any person (including award-funded staff, AmeriCorps members, or volunteers) receiving a salary, living allowance, stipend or education award through a program receiving CNCS funds (through either federal or grantee share of the budget). An individual is ineligible to serve in a position that receives such CNCS funding if the individual is registered, or required to be registered, as a sex offender or has been convicted of murder. The cost of conducting NSCHCs is an allowable expense under the award.

Please budget on the CNCS share at least \$54 plus the cost of a state criminal history check per covered individual (both staff and members).

CNCS requires that all “Covered Positions” (program staff and AmeriCorps applicants) must undergo NSCHCs that include:

1. Nationwide³ name-based National Sex Offender Public Registry Check using NSOPW.gov;
2. Statewide Name- or Fingerprint-based Criminal History Registry Check in the State of residence at the time of application **and** in the State where the individual will serve or work;
3. FBI National Fingerprint-based Check

All checks must be conducted and any results considered according to Program and HCNCS policy, with

the individual cleared prior to the start of service and/or time on the grant. **This includes anyone listed on the budget whether grantee or match funded.**

In addition, HCNCS requires that grantees comply with the following:

1. Follow all CNCS requirements outlined in 45 CFR §§ 2540.200 – 2540.207 and CNCS' most recent *NSCHC FAQs*; and
2. Recheck the NSOPW.gov nationwide search prior to the start of each term of service for all returning AmeriCorps members; and
3. Ensure all required checks are completed, results are considered and the individual is cleared prior to becoming an AmeriCorps member eligible to earn hours and/or a staff person beginning work on an AmeriCorps grant; and
4. Appropriately documents the checks process and retains a verification form and NSOPW.gov results in each staff/member file; and
5. Has a written policy and procedures in place, which at a minimum addresses requirements 1-4.
6. Ensure one staff member be trained annually in National Service Criminal History Checks using CNCS' training module and maintain the resultant training certificate (per AmeriCorps Terms and Conditions).

CNCS Approved Vendors

Truescreen is a CNCS pre-approved vendors that can conduct NSOPW and State checks.

Fieldprint is a CNCS pre-approved vendor that can conduct FBI fingerprint checks.

Other vendor checks are often noncompliant with these requirements. Inability of a grantee to demonstrate that they have conducted an NSOPW and other required criminal history checks, as specified by HCNCS may result in disallowance of all or part of the costs associated with noncompliance.
